Pastor's Pen – David Howell

Well there's nothing like writing the pastor's report for the annual meeting three weeks after arriving but here goes....First – it's great to be here.

I have enjoyed beginning the process of getting to know you as a congregation and as individuals. You seem like fun group of dedicated Christians who are acting on your faith in a variety of ways. For instance you've decided to put Jesus' command to "love neighbors as yourselves" into a definitive choice to be an "open and affirming" congregation. I believe the heart and soul of our faith is acting out a genuine spirit of hospitality to all God's children...and I mean "all."

Let me say on behalf of the larger church...Thank you. I know that it was a difficult decision to make and you gave it a lot of time, thought and love. I appreciate the effort it took and choice you made.

We begin the year by sharing our Lenten Walk together and from that I'm sure we will move on to other interesting things. In addition to working on these creative plans for Lent and Easter with the Deacons, Mary Karlovec and Christian Education and Nancy Franks of Outreach, I have begun scheduling visits with our Homebound Members.

I am also enjoying in sharing Sunday morning with you in Worship. Preaching is a central part of worship for me and your interest and response to my sharing from the pulpit my vision of scripture and its meaning for our lives has been terrific. Your enthusiasm for hymn singing and our musical program in general are real assets that I also hope we can build on.

I am looking forward to the year ahead. I am excited to explore the creative possibilities there are of in developing our ministry as a church. Thank you for welcoming Betty and I to your fellowship.

God Bless! Pastor Dave

Moderator's Moment – Regenia Comerford

As January comes to an end and we slide into February, we know Spring will soon be here.

North Ridgeville First Congregational United Church of Christ has much to look forward to this year. We have an Interim Pastor in place, a competent Music Director and few more children in church school. Lenten Services with new leadership brings anticipation followed by Easter.

Before the heart of the Holy Season, we have our Swiss Steak Dinner, which is not only a fund raiser, but a time of fellowship. I hope passer-bys understand the sing or will come in and ask the definition.

Remember our shut-ins. This can be a very dismal time with cold weather, ice and snow and not being able to get out. Be kind to one another!

Christian Education Corner – Mary Karlovec

Christian Education has many activities planned for February. Saturday, February 2nd, the youth will be making their soup and chili for the **"Super Bowl" sale on Sunday, Feb 3rd**. If you did not order chicken soup or chili, minimal quantities will be available for sale after church. On the 3rd, they also will be collecting monetary donations for the annual national **SOUPER BOWL of CARING**. This fundraiser was started as a grassroots effort by one youth group to raise funds for an outreach program in their community on Super Bowl Sunday. It has now become a nationwide effort to help raise funds for community programs. All donations in our soup pots on Super Bowl Sunday have been designated for **Community Care**.

On Sunday, February 10th, we will sponsor our annual **Mardi Gras** Sunday. See the following related article in this Messenger for more information about this fun intergenerational activity. Consider inviting family, friends and neighbors to join us for this fun filled activity!

Friday, February 22nd, the youth will be in charge of the Friday night Community Meal.

Help and support will be needed that evening so consider joining in and helping the youth!

Finally, during Lent, **prayer stations** will be available on Sunday mornings before church, (9-10AM) and after church until noon. I encourage you to visit the stations that will be set up in the classroom across from the preschool room. Daily meditation time is becoming a popular way to connect with your inner self and God. What better time than Lent to start the practice of daily meditation?

Join Us For A Mardi Gras Celebration!

Sunday, February 10, 2013

After Church until 1:00

Mardi Gras season began as a religious observation at Epiphany, ending on the *Fat Tuesday*(*Mardi Gras*), the day before Ash Wednesday. Mardi Gras, is the French translation of Fat Tuesday, referring to the last opportunity to eat rich, sweet, "fatty" foods just before Lent, the fasting season which begins on Ash Wednesday. We will be following this tradition, eating pancakes, sausages and rich "King's Cake." Mardi Gras is also a time for revelry so we will have pancake races, plus beads and masks to wear! Wear your colorful clothes and beads you may already have to church on the 10th!

Along with the Mardi Gras party, we will begin preparations for Lent by **"putting away the Alleluias."** The custom of bidding farewell, or putting away the Alleluias, began in the Middle Ages. The usage of the word "Alleluia," which means gladness, is considered part of the "celebration" periods of our church calendar. Thus singing or saying the word "Alleluia" has historically been suspended during Lent. In many churches, an object is utilized to represent the alleluias that are put away. As part of our Mardi Gras celebration, something is made by those in attendance that we "put away" until Easter Sunday. A "Keeper of the Alleluias" is chosen and is responsible for keeping the Alleluias safe for the 40 days of

Lent. On Easter Sunday, "the Keeper" brings the Alleluias back and returns the symbolic objects back to the congregation.

So now that you know why we celebrate Mardi Gras and "put away the alleluias," JOIN US ON MARDI GRAS SUNDAY!

Trustees Turn – Roy Dreger

I heard from the painter's about the work in the sanctuary. It looks like they will be coming sometime in February, probably towards the middle of the month. Since we will need to hold services in the basement during the repairs, trustees authorized the tuning of the piano in Fellowship Hall. I met with the piano tuner earlier this week and he said it was a good thing we had it tuned as it really needed tuning. He said when a piano gets badly out of tune it needs to be redone in about three weeks as the strings that were tightened start to relax slightly.

Speaking of tuning, Sean, who works on organs looked over the organ this week. He says that it needs tuned again and that this is not unusual, that most church organs need tuning about once a year because of temperature fluctuations in the sanctuaries. He said temperature is the enemy of organ tuning and a constant temperature will result in an organ staying tuned for a long time. He also said that he only knows one church that keeps its sanctuary the same temperature around the clock. (By the way, I found out that he and the organist for his church spent eight years building the organ in their church, all part time of course. It takes him two weeks to tune it because it is so big!) He suggested that we wait until after the ceiling is done to tune ours because the dust might affect it. (Speaking of organs, here is a bit of useless information. Did you know that Mozart once played an entire twelve minute choral composition after listening to it twice?)

I don't know if you have noticed, but there is a section of gutter hanging down on the west side of the church. It came loose as a result of rotting wood. An estimator for a repair company is coming later this month to give us a quote on repairing all the wood

around the bottom of the roof. The company is the one that did the work on the Old Town Hall and comes with good references. I would like to thank Bob Franks for getting the contact information.

Speaking of gutters, the gutters on the rear of the classroom wing were cleaned out during the warm weather we had in January. It was blocked with tree debris and caused some industrial sized icicles to form right above the parking spots for the Pastor and Secretary. Pastor Dave told me one fell down while he was running an errand. I saw the remains, and if it had hit a car it would have put a huge dent in it. Also during the warmer weather a new security light was installed near the shed out back. Thanks go out to Jack Fitts for his help.

Speaking of Jack Fitts, he and Betty have donated a broadcast spreader to the church to be used for salting the parking lot during icy periods. This is probably supplementary salting as the limits of the spreader are unknown at this time. Although, if it works as hoped, the church may be able to use it instead of calling Kilby for salt thereby saving money. We will have to wait and see. At the very least it will be a big help when there are patches of ice in the parking lot. Thanks to Jack and Betty for their donation.

As always, the trustees thank you for your continued financial support of **your** church.

Respectfully submitted,
Roy Dreger

Outreach Committee News- Edie Phillips

The Outreach committee wishes to welcome Pastor Dave Howell and his wife to our church. We look forward to getting to know them better.

We met January 13. with three people in attendance. We reviewed our list of organizations we donate to during the year. We always give a lot of thought before donating your pledged moneys. We voted to continue giving one half of the money to OCWM. Money is combined with money from other churches and they are able to help many people all over the world.

We voted to donate \$150 to Blessing House which is a childcare's crisis care center located in Lorain, Ohio

Contributions help provide someone to prepare meals, take them to school, play games with them and rock them to sleep at night. It provides someone to help mothers make phone calls to look for housing and learn where to go to get daycare. Your contribution gives them the freedom to just be children during the time they are at Blessings House.

One hundred dollars was donated to Love INC of Lorain Country. They help people find jobs and give a lot of people a hand up.

We received thank yous from Crossroads and Doctors Without Borders

A Giving statement was received showing we gave:

OCWM	3,662.29
OGHS	670.00
NIN	502.00
Christmas Fund	<u>289.00</u>
Total	5,123.29

We purchase a gift for our community Care child. Gods message to us is; " As long as you help those that I send to you, I will give you everything you need."

Deacon's Desk – Keith Schoonover

Just a few thoughts about how we as a congregation have pulled together in our faith to weather some major changes finding a new organist and some of the trials we've had finding an interim pastor.

I am a person who believes that everything happens for a reason. That's why we have Pastor Dave with us. He is very strong in his faith and that is helping me to believe in my faith, cause I was a little down for a while watching our church struggle.

So I'm asking you to look deep in your heart to see if you feel the need to step up and join one of our many boards, and help our church to move forward by God's will. Its been a little rough for myself, but it sure feels good when you see all those smiling faces on Sunday morning. Thank You, Keith

DEACONS NEED YOUR HELP, PLEASE!

Deacons are responsible for Coffee Hour during March. We would like your help with hosting and providing treats for March 3rd and 17th Coffee Hours. Communion is offered those days and it difficult for us to do Coffee Hour also. Please let Diana or Keith know if you will help us. Thank you!

February 11th at 7:00pm book will be "Outcasts United" by Warren St. John

The extraordinary tale of a refugee youth soccer team and the transformation of a small American town

Clarkston, Georgia, was a typical Southern town until it was designated a refugee settlement center in the 1990s, becoming the first American home for scores of families in flight from the world's war zones—from Liberia and Sudan to Iraq and Afghanistan. Suddenly Clarkston's streets were filled with women wearing the hijab, the smells of cumin and curry, and kids of all colors playing soccer in any open space they could find. The town also became home to Luma Mufleh, an American-educated Jordanian woman who founded a youth soccer team to unify Clarkston's refugee children and keep them off the streets. These kids named themselves the Fugees. Set against the backdrop of an American town that without its consent had become a vast social experiment, *Outcasts United* follows a pivotal season in the life of the Fugees and their charismatic coach. Warren St. John documents the lives of a diverse group of young people as they miraculously coalesce into a band of brothers, while also drawing a fascinating portrait of a fading American town struggling to accommodate its new arrivals. At the center of the story is fiery Coach Luma, who relentlessly drives her players to success on the soccer field while holding together their lives—and the lives of their families—in the face of a series of daunting challenges. Books to read in the coming months are: March 18th an "Isolated Incident" by Susan Sloan. April 15th will be "The Art of Racing in the Rain" by Garth Stein. (see more info after "Ushers & Greeters")

"**Outcasts United**" is a fast-paced chronicle of a single season is a complex and inspiring tale of a small town becoming a global community—and an account of the ingenious and complicated ways we create a home in a changing world.

Parish Nurse Health and Wellness

February is Heart Health Awareness month. We are asking every to **wear RED on Sunday, February 17** to show awareness of heart health and support National Wear Red Day. Heart disease is still the leading cause of death for both men and women in the United States.

What Are the Warning Signs of Heart Attack?

Heart and blood vessel disease is our nation's number one killer. About half of the deaths from heart and blood vessel disease are from heart attacks and chest pain. About 250,000 people a year die before they get to a hospital. But many of those deaths can be prevented-by acting fast!

Some heart attacks are sudden and intense. But most start slowly, with mild pain or discomfort. Here are some of the signs that can mean a heart attack is happening:

1. Uncomfortable pressure, squeezing, fullness or pain in the center of your chest. It lasts more than a few minutes, or goes away and comes back.
2. Pain or discomfort in one or both arms, your back, neck, jaw or stomach.
3. Feel out of breath along with chest discomfort or before the chest discomfort. Break out in a cold sweat, feel sick to your stomach or lightheaded.

What should I do if I suspect a heart attack?

- Don't wait more than 5 minutes before calling for help. **Call 9-1-1 or the emergency medical services (EMS)** in your area (fire department or ambulance). **Get to a hospital right away.**
- If you're the one having symptoms, and you can't access the EMS, have someone drive you to the hospital right away. Don't drive

yourself, unless you have absolutely no other option.

What else can I do?

- If you're properly trained and it's necessary, you can give CPR (mouth-to-mouth rescue breathing and chest compressions) until help arrives.
- Before there's an emergency, it's a good idea to find out which hospitals in your area have 24-hour emergency cardiac care. Also keep a list of emergency phone numbers next to your phone and with you at all times, just in case. Take these steps NOW.

Why don't people act fast enough?

Half of all people having a heart attack wait more than two hours before getting help. That's like letting yourself bleed from a bad cut for two hours before stopping the bleeding and going for stitches! If you learn the warning signs of a heart attack and get help right away, the life you save could be your own. Some people feel it would be embarrassing to have a "false alarm". Others are so afraid of having a heart attack that they tell themselves they aren't having one. These feelings are easy to understand, but they're also very dangerous. If you or someone close to you shows signs of a heart attack, call 9-1-1 and get help right away!

How can I help to avoid a heart attack?

- Don't smoke, and avoid other people's tobacco smoke.
- Treat high blood pressure if you have it.
- Eat a healthy diet that's low in saturated fat, cholesterol and salt.
- Be physically active.
- Keep your weight under control.
- Get regular medical check-ups.
- Follow your doctor's orders for taking medicine.
- Control your blood sugar if you have diabetes.

How can I learn more?

- Talk to your doctor, nurse or health care professional. Or call your local American Heart Association at 1-800-242-8721.
- If you have heart disease or have had a stroke, members of your family also may be at

higher risk. It's very important for them to make changes now to lower their risk.

Healthy Behaviors • Healthy Eating

Make It Your Mission to fight heart disease through healthy food choices. A healthy diet and lifestyle are some of your best weapons to fight cardiovascular disease. However, there are a lot of mixed messages and myths out there regarding healthy eating. With all the differing opinions, it's best to get informed from credible sources, so you can make smart choices about your diet. It's the overall pattern of your choices that counts most—think nutrition.

Nutrient-rich foods have vitamins, minerals, fiber and other nutrients, but are lower in calories. The American Heart Association recommends that you eat a wide variety of nutritious foods daily.

American Heart Association's components of a healthy diet.....

1. Vegetables and fruits are high in vitamins, minerals and fiber—and they're low in calories. Eating a variety of fruits and vegetables may help you control your weight and blood pressure.
2. Unrefined whole-grain foods contain fiber that can help lower your blood cholesterol and help you feel full, which may help you manage your weight.
3. Eat fish at least twice a week. Recent research shows that eating oily fish containing omega-3 fatty acids (salmon, trout and herring) may help lower your risk of death from coronary artery disease.
4. Cut back on foods containing partially hydrogenated vegetable oils to reduce trans fat in your diet. Aim to eat less than 300 milligrams of cholesterol each day. Choose and prepare foods with little or no salt. Aim to eat less than 1,500 milligrams of sodium per day.
5. Keep your intake of sugar-sweetened beverages to less than 36 oz. per week.

Tips for a healthy diet.....

- Eat slowly, take smaller portions and avoid "seconds".

- Cook foods in ways that do not add fat, like baking, boiling, broiling, grilling, roasting or stewing.
 - When you really crave a high-calorie food, eat a small amount and forget about it, instead of resisting until you give in and gorge. If you don't trust yourself with just a little, don't eat any at all.
 - Keep saturated fat to less than 7 percent of energy, use red meat sparingly and choose lean or extra-lean cuts.
- Learn more about healthy eating and heart disease at heart.org/nutrition.

March 18th an Isolated Incident by Susan Sloan

Ensnared in a Pacific Northwest paradise on Seward Island, Jerry Frankel, a high school history teacher, unexpectedly finds himself the primary suspect in a brutal stabbing of 15-year-old Tara Breckinridge. Soon the mob mentality of outraged citizens transforms the bucolic island into a place where bigoted viewpoints emerge as dangerous as the killer. In her second novel, Sloan affirms her talent as a masterful mystery writer by showering the reader with a meteoric panorama of spine-tingling emotions, conspiracy, and drama.

April 15th will be The Art of Racing in the Rain: A Novel by Garth Stein

A heart-wrenching but deeply funny and ultimately uplifting story of family, love, loyalty, and hope--a captivating look at the wonders and absurdities of human life . . . as only a dog could tell it.
